AUTHOR GUIDELINES

FOR JURNAL ILMU SOSIAL DAN ILMU POLITIK (JSP)

1. The manuscript is written in English, including research outcomes, field research or literary research and articles reflecting sociopolitical phenomena.
2. The manuscript is typed using Microsoft Word program on A4 paper, around 6,000-7,000 words in Palatino Linotype size 11 pts and 1.5 space.
3. The writing system for research outcome consists of:

Title

The title should not exceed 14 words; it should be clear, concise, and informative. Abbreviations should be avoided.

Name of the author

The name of the author is written **without** any academic degree, followed by the name of author's institution, located under the title of the article. In case manuscript written by a team, the editor is only in contact with the main author or the first mentioned author. The main author must include his/her correspondence address or email.

Abstract with keywords

The abstract and keywords must be written in English. The length of each abstract is around 200-250 words, while the limit of key words is 3-5 words. The abstract, at the least, must contain the aim, methods, and result of the research.

Introduction

The introduction should contain (sequentially) the general background and research question or hypothesis. If there is literature review, it can be included in this chapter. The study objective should be written at the end of the introduction.

Methods

The research methods should elaborate on the method utilized in addressing the issues including the method of analysis. It should contain enough details allowing the reader to evaluate the appropriateness of methods as well as the reliability and validity of findings.

Results

The author should explain the results of research (what was discovered) in detail.

Discussion

The research result and discussion section contain results of the research finding and their ensuing discussions. The finding acquired from the results of the conducted research should be written with the supplementary support of adequate data. The research results and findings should be able to resolve or provide explanations to the question stated in the introduction.

Conclusion

The concluding statement should contain summary and suggestion. The summary should exemplify the answers provided to the hypothesis and/or research objectives or acquired findings. The summary should not contain repetition of research results and discussions, and it should instead contain a summation of research results and findings as expected in the research objective

or hypothesis. The suggestions should present matters that will subsequently be conducted in relation to the research's ensuing concepts.

References

All references cited in the text of the article should be written in the bibliography section. It should include references obtained from primary sources (consisting of scientific journals amounting to 80% of the entire bibliography) that have been published in the last 10 (ten) years. The remaining 20% may include research articles or research reports (thesis, books, and other relevant publications).
